The **Agricold 302** range is suitable for standard AC services in an automotive workshop, as well as on-site servicing for agricultural and construction vehicles that cannot be transported to the workshop. Incorporating a robust design and reinforced electronic scale, the Agricold 302 is an effective unit designed to last. The model features IRC (Intelligent Remote Control) technology which enables you to connect your smartphone or tablet using the Oksygen+ app which is available for both Android and iOS.

MAIN FEATURES

- AGRICULTURAL DATABASE
- 3 TOOLS IN 1
- USER FRIENDLY CONTROLS
- 7.5 METRE HOSES
- IRC TECHNOLOGY
- AVAILABLE FOR EITHER R134A & R1234YF
